Summary

An aspiring Front-End Developer with a strong foundation in HTML, CSS, JavaScript, and modern frameworks like React.js and Next.js. Passionate about crafting responsive, user-friendly web interfaces and bringing design concepts to life. Dedicated to continuous learning and building interactive digital experiences that blend creativity with clean, maintainable code.

Languages

-
- Arabic – Native Language
 - English – (Reading & Writing) Excellent | (Listening & Speaking) Very Good

Courses

-
- **Computer Science Diploma (Route)** Jul/Oct 2024
 - Basics of Programming with C++.
 - Introduction to Data Structures and Algorithms.
 - Object-Oriented Programming (OOP) Concepts.
 - Algorithmic Problem Solving and Optimization.
 - Hands-on Projects and Debugging Techniques.
 - **The Ultimate React.js & Next.js Course (udemy)**
 - Built 10+ real-world React projects, mastering both fundamentals and advanced concepts.
 - Learned modern tools and libraries like Redux Toolkit, React Query, Tailwind CSS, and Next.js App Router.
 - Gained hands-on experience with performance optimization, reusable components, and full-featured UI development.
 - **Pro Front-End Engineer – React.js + TypeScript + Redux (udemy)**
 - Mastered React and TypeScript fundamentals with clean, reusable
 - Built real-world apps using Redux, React Router, and Tailwind CSS.
 - Implement API integration, authentication, and performance optimizations

Technical and Personal Skills

- HTML & CSS
- JavaScript
- TypeScript
- React.js
- Next.js
- Git&GitHub
- Tailwind CSS
- Bootstrap

Personal Skills

- **Attention to Detail** – Delivers pixel-perfect, user-friendly interfaces.
- **Problem Solving** – Tackles coding and design challenges efficiently.
- **Team Collaboration** – Works well with designers, developers, and stakeholders.
- **Adaptability** – Quickly learns new tools, frameworks, and workflows.
- **Time Management** – Prioritizes tasks to meet deadlines and project goals.
